

**TARRAGONA (SPAIN)**  
**1st-5th July 2007**

**Prof. Miquel Pons**  
**University of Barcelona**  
**Chairman of EUROMAR 2007**

Dear Colleagues,

It has been an honour and a pleasure to welcome you to Tarragona for EUROMAR 2007. The "Grupo Especializado de Resonancia Magnética Nuclear" (GERMN), the Spanish Royal Society of Chemistry, the International program committee and the local organizing committee have made all the efforts to make EUROMAR 2007 a fruitful scientific gathering and a pleasant personal experience.

Your active participation was essential for the success of the meeting and we want to thank you wholeheartedly. With your help EUROMAR has proven to be a live, enthusiastic project to feel proud about.

We look forward to meeting all of you again in St. Petersburg for EUROMAR 2008.

Miquel Pons
